Atty. Docket No.: 2001B053

Response dated: March 29, 2005

Reply to Office Action of: December 30, 2005

REMARKS/ARGUMENTS

Upon entry of the claim amendments, Claims 15-20, 22-27, and 29-36 will be all the claims pending in the application.

Applicants have amended Claim 25 to correct an erroneous typographical insertion in the previous Amendment. Amended Claim 25 now correctly reflects that the core layer comprises from 20-60 weight % of the total weight of the biaxially oriented film. The limitation in the previous Amendment had erroneously been inserted to apply to the skin layer when it should have been applied to the core layer.

No new matter has been added.

Reconsideration and allowance of this application are now believed to be in order and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,
